

Hello All!

Many of you have requested that I create a **Member Directory** for each choir in the Member's Area of the website. My hope is that this will help new members feel more welcome, and help everyone learn each other's names! Being represented in the directory is 100% optional -- by filling out the form below, you consent to the release of your photo and email address to your choir only in a password-protected area of the website.

Please fill out the form ONLY if you are returning for Season 8.

Thanks a million!

Nancy
